Python

базовый тренинг

Рузин Алексей

ruzin@me.com

sys

- sys.exit()

- sys.argv

- sys.stdin, sys.stdout, sys.stderr

copy

- copy.copy()

- copy.deepcopy()

math

- pi, e…

- abs, ceil, floor…

- cos, sin…

- pow, log…

- acos, asin…

random

- random.random()

- random.seed()

- random.randrange()

- random.suffle()

- random.sample()

datetime

- datetime.date

- datetime.datetime

- datetime.time

- datetime.timedelta

- dateutil.relativedelta.relativedelta

collections

- collections.defaultdict

- collections.deque

functools

- functools.partial

- functools.reduce

- functools.wraps
